EXPERIENCE

Trackerteer Corporation

Sept. 2024 - Present

Android Developer

Clark, Pampanga

- Develop and maintain **5+** production Android applications with active user bases, including food delivery and attendance management applications.
- Build features using Kotlin, MVVM, Room, and Retrofit, integrating RESTful APIs and third-party services (payments, maps, notifications).
- Optimize app performance and resolve production issues to ensure reliable user experience.
- Collaborate with cross-functional teams in Agile sprints to deliver business-aligned features.

Cloudstaff

Feb. 2024 - May 2024

Associate Technical Support Trainee

Angeles City, Pampanga

- Provided technical support for hardware and software issues, resolving **100+** tickets monthly through ticketing system and email correspondence.

RP Innotech

Nov. 2019 - Mar. 2020

Frontend Web Developer Intern

San Fernando, Pampanga

- Participated in project-based learning to apply frontend development concepts in real-world scenarios.
- Implemented UI features based on design specifications, writing clean and reusable React components.

Freelance Developer

Jan. 2023 - Present

- Delivered custom Android applications for **5+** clients, managing full development lifecycle including feature development, bug fixes, app maintenance, and resolving Google Play Console policy violations to ensure successful app launches.
- Developed and integrated an AI-powered personal chatbot web application using OpenRouter (LLM API), implementing dynamic prompt engineering, multi-model selection, and conversational context management.

EDUCATION

Pampanga State University Main Campus

Sept. 2020 - Aug. 2024

Bachelor of Science in Information Technology

Summa Cum Laude

CERTIFICATIONS AND ACHIEVEMENTS

- **Introduction to DevOps and Site Reliability Engineering**, The Linux Foundation, Oct. 2025
- **Introduction to Modern AI**, Cisco, June 2025
- **Artificial Intelligence Fundamentals**, IBM, May 2025
- **Google Data Analytics Professional Certificate**, Google, Sept. 2023
